

# POWER SUPPLIES AND ACCESSORIES

## GLP® 150W E.I Magnetic Transformer

150W E.I Magnetic Transformer – Engineered for low-voltage lighting, industrial, and commercial applications, offering exceptional reliability and durability. Ideal for delivering consistent power performance in demanding environments.

### Features:

- Provides 12V AC output at 50/60Hz
- Efficiency  $\geq 85\%$
- Epoxy encapsulated transformer resulting in silent operation and eliminating long term corrosion
- Auto-resetting in-line primary overload protection
- In-line secondary magnetic breaker(s) to protect against short circuit in the lighting & wiring system
- Large terminal blocks for ease of installation
- 5 years manufacturer warranty

Code	Power (W)	Input voltage	Regulation (%)	Output voltage (VAC)	Output current	No. of circuit breakers	Weight (g)
770140	150	180-240V AC, 50/60Hz	92%	12V	12.5A	1	6240

**Standard option** Non-standard products may be subject to MOQ. Contact your regional sales representative for more information.
