

770019-ST0017

17W Magnetic Transformer

The 12V AC Magnetic Power Supplies (17W) are built for durability and reliability, featuring a corrosion-resistant design and maintenance-free operation. With high efficiency and long lifespan, they provide stable and safe power for various low-voltage lighting applications.

PRODUCT FEATURES

- Durable Construction
- Corrosion Resistance
- Overload Protection
- Maintenance-Free Operation
- Stable Power Regulation
- High Efficiency of >88%
- 100,000-hour lifespan
- 5 years manufacturer warranty

PRODUCT SPECIFICATIONS

Power	17W
Input Voltage	180-250VAC, 50/60Hz
Output Voltage	12 VAC
Output Current	1.41A
Regulation	90%
IP Rating	IP68
Weight	760g
