RGB DMX512 MASTER

This wall mounted RGB DMX512 master, exhibits full touch controller designed to work with DMX512 protocol. This unit offers a fast and accurate color tone adjustment as well as independent brightness dimming of each RGB channel.

Features:

- **Precision Color Control:** Features a highly sensitive touch color wheel for fast and precise color adjustments.
- **Advanced RGB Control:** Supports RGBW or RGBY color selection, offering a wider range of colors compared to traditional RGB controllers.
- **Smooth Color Transitions:** Allows seamless RGB color changes by pressing the corresponding buttons or scrolling on the circular touchpad.
- **Multi-Zone Control:** Functions as a 4-zone wall-mounted RGB DMX master, providing independent control over multiple lighting areas.
- **Sleek Design Options:** Available in black and white, complementing various interior styles.
