

## ARGI-BL220859

### 6W BOLLARD LIGHT

### PRODUCT SPECIFICATIONS

|                  |                                                    |
|------------------|----------------------------------------------------|
| Fixture Material | Die-cast Aluminium                                 |
| Fixture Finish   | Powder-coated Black                                |
| Glass            | Clear Glass                                        |
| Driver           | Built-in                                           |
| Binning          | 3 Step MacAdam                                     |
| Wiring           | 1 meter of 3 core 1.5 mm <sup>2</sup> rubber cable |
| Life Span        | 50,000 hours                                       |

|                       |                                       |
|-----------------------|---------------------------------------|
| LED Chip              | CREE                                  |
| Power Consumption     | 6W                                    |
| Input Voltage         | 180~240V AC, 50/60Hz                  |
| Height                | 600mm                                 |
| Operating Temperature | from -20° to 65° C                    |
| Color Rendering Index | >85                                   |
| Driver Protection     | Short circuit                         |
| Warranty              | 3 years against manufacturing defects |
| Agency Approval       | CE, RoHS                              |

| Power (W) | Available color Temperatures     | Luminous Flux |         |         | IP Rating | Available Beam Angles |
|-----------|----------------------------------|---------------|---------|---------|-----------|-----------------------|
